The club ride on June 18th brought out 16 machines. We stopped at the Big Apple store and while there some black clouds came rolling in, then the wind and rain (downpour at some points). We all stood under the canopy where the gas pumps were for about 45 minutes. There will be another club ride on July 23rd at 7:00pm. We decided on a night for something different. We will meet at Damboise Garage on RT 139 in Fairfield Center. Steve will have a fire for us

so bring hamburgers/hotdogs to cook. Also bring something to drink and let's get to know one another.

This is a list of some of the ride that will be going on over the summer. Remember that any member is welcome to ride with another club. It's a great way to meet new people.
